**Re:** FY15 Maintenance Contract Renewal Authorization

---

Information Technology is requesting Commissioner Court to authorize the renewal of the current maintenance contract with NetSynch Network Solutions for support of the jury system IVR interface. This maintenance contract is a blanket purchase order in the amount of \$50,000 for "as needed" services. Unused funds will be released from the PO at fiscal year-end and returned to the General Fund.

This line item is currently included as part of the regular FY15 maintenance request.

Currently, there has been no cost incurred under this maintenance contract during FY14.
